- State Mission Director Role

Health Facility Registry (HFR): Overview

Health Facility Registry is a comprehensive repository of health facilities of the country across modern and traditional systems of medicine – Modern Medicine, Dentistry, Physiotherapy, Ayurveda, Unani, Siddha, Sowa-Rigpa, Homeopathy.

It includes both public and private health facilities including hospitals, clinics, diagnostic laboratories and imaging centers, pharmacies, etc. and meets a critical need of having an updated registry of all health facilities in the country with active usage.

Envisaged Benefits

Unique & Trustable Identity

Facility ID for identification of health facilities across the ABDM ecosystem.

Online Presence & Discoverability

Listing of health facilities on a national platform and availability in search results.

Ease of doing Business

Digitization of services reducing the efforts for registration & renewal of various licenses.

Unified Digital Services

Access to telemedicine, digital health records and HMIS solutions.

Nodal Officer & Verifier

Roles in Health Facility Registry

Process of mapping different roles in Health Facility Registry

- All officers are required to create a Healthcare Professional ID for accessing the Health Facility Registry at <https://facility.abdm.gov.in>
- The State Mission Director role is mapped to the appointed officer's Healthcare Professional ID by the HFR team at national level.
- State Mission Director further identifies the District Nodal Officers and District Verifiers and maps their respective Healthcare Professional ID to assigned roles. For a given district, nodal officer and verifier need to be different.
- National Nodal Officer and National Verifier roles are primarily for Central Govt. Ministries

Facility Manager Role

If user does not have a Healthcare Professional ID

Detailed Facility Information

☐ I, _____, am the applicant of the above facility, and do hereby verify that the details as submitted on the portal pertaining to the above facility are true to my personal knowledge and nothing material has been concealed or falsely stated. I request you to kindly verify that the health facility as stated actually exists and give approval to that effect so that the facility can be 'validated for existence' on the portal.

I am aware that the facility ID and related information can be used and shared with the entities working in the National Digital Health Ecosystem (NDHE) which inter alia includes stakeholders and entities such as healthcare professionals (e.g. doctors), facilities (e.g. hospitals, laboratories) and data fiduciaries (e.g. health programmes), which are registered with or linked to the Ayushman Bharat Digital Mission (ABDM), and various processes there under. I reserve the right to revoke the given consent at any point of time, subject to applicable laws, rules and regulations. *
